**Hercules review by Weronika Winiarczyk**

Last term, me and my class were watching Hercules, and we were finding right and wrong things and oh my there are so many things they got wrong. We were watching this because we are learning about Greek Myths. I recommend to watch Jason and the Argonauts.

First of all, Hera actually tried to hurt Hercules and not Hades. Hercules wasn't even Hera's baby! When Zeus gave Hercules a Pegasus he made it out of a cloud, but Pegasus was not made like that.

Next, even though they got a lot of other things wrong, I like that they took care to get the Gods right, but there's one thing that gets on my nerves, and that's that ATALANTA is the one that hurt the Caladonian Boar BUT NO they gave hurting the boar to HERCULES!

Then, when he was fighting all the animals he looked right into Medusa's eyes and he didn't turn into stone at all not even a little. Also, actually Hades liked being in the underworld, they put Nessus in the wrong place.

Finally they forgot the 3 grey ones only had one tooth between them. Also, they changed the story a lot and I don't like it. By the way Philoctetes is not a Satyr, he was a human archer. I like how they turned Hercules into a clutz.
