The Sports Premium funding has been spent to meet the needs of staff and pupils at Orchard Primary School. The physical and sporting activities contribute to the development of the characteristics of 'The Orchard Child'.

We recognise that all children are individuals with particular skills, talents and interests. We believe that, as well as having academic success, all children who leave Orchard Primary school should be:

#### **Confident and mature**

We would like the children to be self-assured, prepared to 'have a go' and approach new experiences and problems with interest and enthusiasm.

#### **Articulate**

We would like all the children to be able to communicate effectively with both adults and children

#### **Independent**

-able to use their initiative and thinking skills, make positive choices and work on their own when appropriate.

#### **Cooperative**

- Able to work as part of a group or team when necessary.

#### **Enthusiastic about their learning**

-Pupils will enjoy learning and be motivated to pursue their interests further when not at school.

#### **Responsible citizens**

-Prepared for the 'real' world with the necessary life skills for now and the future including the ability to take responsibility for their choices and actions.

#### **Respectful of others**

-Able to recognise and respect the diversity in the school and the wider community. -Able to empathise with the views and feelings of others.

#### **Healthy-**

-Have knowledge of healthy lifestyles and an awareness of the factors that will contribute to their own good health and wellbeing.
